

7.1.4 The Institution has facilities and initiatives for

Rajarshee Shahu Science College, Chandur Railway strives to provide the quality education as per the vision and mission statement. College has identified the areas of sensitization of students in relativity with environment, energy, sustainability inclusiveness and provided a conducive environment through the facilities and activities in tune with the Perspective plan, policies, and procedures. This helped in accepting the challenges of 21st century and NEP 2020 to undertake initiatives to address glocal (Global and Local) issues. The role of institute is reflected in terms of various programmes and activities incorporating within its regular functioning. The Institution has facilities and initiatives for

1. Water conservation

The rain water from the terrace of the college is directed towards rain water harvesting pipes which helps in recharging the ground water level. Pits are provided to collect the rain water and absorbed in the soil. Due to this process, capacity of borewell is automatically increases.

WATER CONSERVATION

Gabion Structure 2022-23

As Kalamjapur receives huge amount of rainfall every year and also the main profession is agriculture of the village, the NSS Rajarshee Shahu Science College, Chandur Railway decided to construct a bandhara to utilize the water received during the monsoon for farming purpose. Assist. Prof. A. P. Pachkawade sir from the Department of Physics as a co-officer guided NSS volunteers for the construction of same.
