Two Month Certificate Course on Garden Revitalizing Ideal Necessities (GRIN)

1st Aug to 3rd Oct. 2021

Introduction:

Rajarshee Shahu Science College, Chandur Rly Dist Amravati and Amravati Garden Club, Amravati has jointly organized an ambitious two-month long Certificate Course in Garden Techniques during 1 Aug to 3 Oct 2021. It was smartly labelled as meaning acronym GRIN (Garden Revitalising Ideal Necessities).

Amravati Garden Club, Amravati is a pioneer organization of the city working in creating an awareness and interest among the citizens towards the garden, plantation and conservation of indigenous varieties. The club has got a history of more than 40 yrs. With many renowned botanist and professional gardeners who have chaired the president ship of the club. Under such illustrative guidance and motivation garden club of Amravati has made a remarkable progress and have played a pivotal role in keeping up the spirit high during the tough times of COVID 19.

Motivation:

Amravati Garden Club has been receiving several requests from the members of the club and also from Non-members circle to organize a workshop for basic gardening techniques. However, the request was not for one particular aspect of gardening but were diverse with few requesting workshops for succulents, while other requesting workshop for seasonal. It was then suggested by the past president of Garden club Dr Suchita Khodke to initiate a Certificate course instead of organizing several individual workshops. The idea got huge appreciation from all the executives' members and was then meticulously planned during subsequent executive meetings.

About the course:

Garden revitalizing ideal necessities a two-month long certificate course was designed in accordance with the various aspect of gardening skills be it propagation, cultivation, caring, management and scientific know how. The other aspect that was taken care that regular work life balance should not be disturbed and hence it was planned that lectures and demonstration will be only conducted on Sundays. The next important part of the course was the beneficiaries of the course. It was thoughtfully decided that the course is definitely going to benefit the garden lovers but it will also imbibe a new set of skill in young students aspiring to work in the concern field of floriculture, horticulture or landscape designing. The unique feature of the course was multiple entries and exit scheme, here the participants were given freedom of choosing either a complete 2 months long course, after completion of which they would get a course completion of certificate while other option was that the participant could register for individual workshop and can have a certificate of workshop. This helped the participants to choose and learn specific skill set of their choice. Every Sunday workshop would start with power point presentation by expert followed by demonstration. Every session would conclude with an assignment for the participant which was not mandatory however it was more of a motivational exercise to promote more learning attitude among the participants. The biggest challenge was conduction of the course in online mode, meticulous planning and coordination among all the executive members and participants made it a very easy task. Amravati Garden club made an optimum use of social media and print media for disseminating the information about the course. The club received huge response not only from Maharashtra but all over India. A participants from Delhi , Kolkata and Bangalore were regularly joining on Sunday that gave a great motivation to the organising team.

This herculean task of conducting the course for 2 months in a seamless manner was made possible only because of the associate and collaborative institutional members of Amravati Garden Club and their principals. Namely Principal Dr Alka Bhise, Vinayak Vidnyan Mahavidyalaya, Nandgaon

Khandeshwar; Dr S.S. Thakre, Rajarshree Shahu Science College, Chandur Railway; Dr Shashank Deshmukh, Shri Shivaji Horticulture College, Amravati; Dr G.N. Chaudhari, Shri Shivaji Science College, Amravati. Also Prof Dr C.M. Deshmukh, Past president of AGC, Amravati and Associate Professor at Shivaji Agriculture College, Amravati showed huge support during conduction of the events

Inauguration of the GRIN Certificate course was carried out by Dr P.K. Nagare, Dean Dept. of Horticulture, Dr P.D.K.V. Akola.

The president of the event was Dr Dinesh Khedkar. The event was also blessed by guest of honour Dr Alka Bhise , Principal Vinayak Vidnyan Mahavidyalaya , Nandgaon (kh) along with the convener of the course Dr Suchita Khodke and Dr Rekha Maggerwar. The valedictory event was conducted after the conclusion of last days workshop no 10 Career and Entrepreneurship opportunities, the speaker for this topic were Dr Sachin Bramhankar and Dr Umesh Kanerkar. They gave a very insightful talk on the topic and shared valuable links with the students and participants.

Dr V.M Bhale delivered his speech online using zoom platform, he was very happy about overall organization of the course and he categorically mentioned that such course is need of a time as during COVID time it has been learnt that agriculture sector was along the few sectors which have served the nation during the odd times. He also insisted on gaining technical knowledge on agriculture and garden practices through such courses and thus he congratulated the whole team of garden club and collaborative institute for organization of the event.
