## REPORT ON BEYOND THE CAMPUS ENVIRONMENTAL PROMOTIONAL ACTIVITIES

### Ozone Day Celebration :

On eve of World Ozone Day 16th September Department of Botany organized State Level online quiz and tulsi plantation campaigns were implemented to make a healthier environment. This is the day when people from several countries come together to protect our planet. Considering these issues and to create awareness about the environment online, the quiz competition was organised to help the students to test their knowledge of nature and science. In quiz competition, 101 responses have been collected from different colleges and 34 students participated in tulsi plantation campaigning. Tulsi gives out oxygen for 20 hours and ozone for four hours a day along with the formation of nascent oxygen which absorbs harmful gases like carbon monoxide, carbon dioxide and sulphur dioxide from the environment," said Shyamkant Padoley, an eminent botanist.

This quiz was enjoyed by all streams of UG students and Junior students and. Those who successfully complete the quiz with a minimum of 60% were awarded with Green Warriors e -certificate of appreciation on their registered email.

### Installation of Bird Feeder

To spread the message of cultural and environmental awareness values. SIGNature and TREE (Team to Restore the Entire Environment) Rajarshee Shahu Science College, Chandur Railwayhas organized an **Installation of Bird Feeder** activity for students on the occasion of World Earth Day, on 22nd April 2021. The purpose of the activity was nowadays, students were suffered from 'Nature Deficit Syndrome'. Backyard bird feeding is one of the most common ways people engage with wildlife Therefore we decided, placing a birdbath or water pot offers a wonderful opportunity to watch and observe birds and their behaviors from close quarters.
