Analysis of Final Year Students Feedback

Students are the most important stakeholders of Higher Education systems. The interest and participation of students at all levels in both internal quality assurance and external quality assurance play a central role. We have collected feedback from our under graduate third year students. We have received total 63 students's feedback on the curriculum designing and analyzed as follows:

1. How easy was the class curriculum for you?

2. How often were you evaluated in the course of your class?

3. Do you think the final year class provided the right amount of theoretical and practical experience during online teaching?

4. Rate the appropriateness of the sequence of the courses provide in the curriculum.

5. Rate the depth of syllabus of the courses in relation to the competencies expected by industry/current global scenarios.

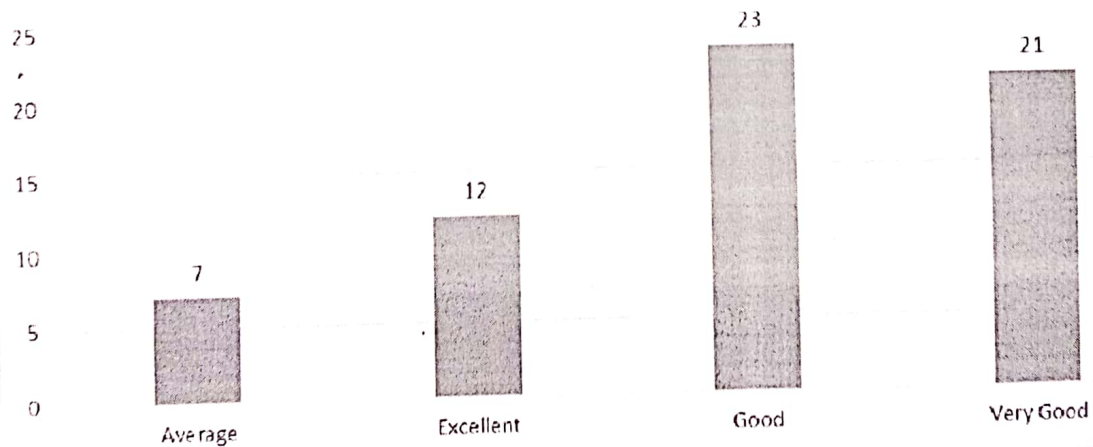

6. Rate the sequence of the units/modules in the courses.

7. Rate the adequateness of the textbooks and reference books mentioned for the courses

8. Rate the design of the courses in terms of extra learning or self-learning.

9. How helpful was the online platform provided to you?

10. How helpful was the online platform provided to you?
